What is the Texas Success Initiative (TSI)?

The Texas Success Initiative is a state mandated program, effective August 26, 2013, designed to help determine college readiness in the general areas of reading, writing, and mathematics (Texas Administrative Code Chapter 4, Subchapter C). The program assists students in identifying type of courses or interventions to be prepared for college level course work.

All students not meeting the exemptions defined below (Tables 1 and 2) must take the TSI Assessment as a diagnostic tool to determine reading, writing, and mathematics readiness. Performing your best on the test will affect the amount of time and tuition cost you will have to spend on preparing for many of Alamo Colleges' programs and courses. Students may retest on TSI Assessment at any time.

Following the TSI Assessment, your goals/program of study/transfer goals will determine what level (if any) of developmental coursework and/or interventions may be required. If you are required to take the TSI Assessment, several options are available for you to review and prepare for the test. Spending a short time reviewing information about the test and the type of questions you can expect may assist you in maximizing your performance on the exam. Please request information about these options.

You will be advised based on the results of your TSI Assessment scores and the courses you plan to take. ***You will not be denied admission to the Alamo Colleges based on your TSI Assessment scores.***
